

GREG SURBEY 2010
N.H. STATE REPRESENTATIVE

Greg Surbey
October 25, 2010

Dear Neighbor:

We need New Hampshire State Representatives who are focused on solutions, who will tell the truth, who are concerned about the state of our country, and will deliver on their promises. We vote, and typically get exactly the opposite of what we thought we were voting for. **I want to change that.**

Hi, I'm Greg Surbey. I'm running for State Representative in Nashua Ward 6, District 24, because I have ideas to help correct the economy in our beautiful State of New Hampshire. In my travels, I've met people who are losing their homes as a result of losing their jobs. These people are not just news stories, they're our neighbors. Where have the jobs gone and how do we get them back?

There is a solution to job creation. We need to encourage small business growth. Small businesses are the backbone of our NH economy and make up 96.7% of all New Hampshire businesses, and they are suffering. There are two taxes in New Hampshire that we need to fix. The Tax Foundation's State Business Tax Climate Index shows New Hampshire has the highest business tax rate in the nation. That same report indicates that we have some of the highest property taxes in the nation. Cutting small business taxes will allow small business to flourish and create jobs. Cutting property taxes will keep us in our homes.

Spending in our State has gone up more than 30% over the past two years, but we don't have the money to pay for it. Despite our slumping economy many incumbent Representatives want to increase spending even more, and then raise taxes to pay for the budget shortfalls and deficits that additional spending would create. They want to tax our jobs away, and common sense tells us this isn't the right thing to do. I believe these Reps are acting irresponsibly and must be replaced.

It's obvious that Concord needs a strong injection of sound judgment. We need Representatives who will focus on realistic solutions. We need Representatives who will return our State to the fiscally sound principals it was founded on. **If you agree, I would be honored to have your vote this Tuesday, November 2nd.**

Your Neighbor,

Greg Surbey

P.S. I want to represent you in Concord because our State government is out of control, out of touch, and needs to be put back on track. We cannot change our government by sending the same people back to Concord. **A race can be won by one single vote, and your vote counts more than ever this year. Polls are open between 6 AM and 8 PM at the Fairgrounds Middle School.**
